Epic Journeys Collection

We proudly present Isings Travel's *Epic Journeys Collection*— the only travel program of its kind designed specifically for retirement community residents. More than 25,000 residents from 61 communities across the United States have enjoyed unique travel experiences with Isings. The *Epic Journeys Collection* enables residents from all participating communities to come together on these trips designed specifically with their needs and desires in mind.

Custom itineraries programmed at a comfortable pace, infused with learning experiences and entertainment features, and providing high-quality accommodations and venues.

Every Epic Journeys Collection departure ensures:

- **Enhanced Safety Protocols**— see page 4
- **Round-Trip transportation & airfare included**
"Door to Door"
- **Knowledgeable, Private Concierge Tour Managers** lead every trip to provide professional service for each and every guest focusing on personal interests & individual concerns—see p. 5
- **Filled with enriching experiences**
 - sightseeing, premier hotels and meals
 - immersing in the history & culture
- **Small private group experience**
 - all land tours are limited to 28 guests

Many experiences on each trip are "private"— including unique, specially-arranged tours, meals, visits to area attractions, and even some places opening just for our group. It feels like a very VIP experience. The level of feeling "secure" has reached new heights. Everything is "deliberate"... every movement is prepared for and planned. While Epic Journeys Collection tours have always been

at a concierge level, the tours now are even *more* exclusive and *more* customized.

- **Ability to make friends and share experiences** with others from resort communities like yours all around the United States! Many develop longtime relationships and plan to travel on trips together in the future.

Most of all our extra level of care provides each of our guests
peace of mind — an invaluable gift!

Celebrating 56 Years of Quality Service

**Experience really *does*
make the difference...**

Building a strong foundation, Henk and Elta Isings established Isings Travel in 1959 after immigrating from the Netherlands and the Dutch Caribbean island of Curaçao proudly becoming United States citizens along with their little daughter Jeanne. By 1975 (47 years ago), Jeanne was officially on board and took over the reigns in 1999. She continues to use those priceless years of experience, ingenuity and passion to elevate the business to the quality first-class company of today focusing on personal attention for each and every traveler.

Having navigated through events of the past ranging from 9/11, world conflicts and SARS, Isings Travel is able to use all of those experiences to your benefit. We are proud to have been one of the few companies who has been able to carefully and creatively provide successful small-group private specialty tours for our guests in 2020 and 2021.

We invite you to join us as we make it possible for you to explore the joys of life once more with the confidence and peace of mind that only the experience of Isings Travel can provide!
